## Matr.nr. 2 - Portugálið

Brot úr "Tinganes - Tórshavn. En kort historisk orientering"  
- Arne Thorsteinsson 1986:

Portugálið er opført i 1762 som en toetages, delvis muret, bygning, hvorpå endnu en etage af træ er opført i nyere tid. I muren findes hugget Christian den 5's kronede monogram, årstallet 1693 og lensherrens F.v. Gabels navn. Denne bygning afløste et i 1693 opført grundmuret slutterhus. Bygningen anvendtes til vagthus (navnet er en forvrængningen af Corps de Garde) med arrest i underetagen.
