concerning the tariff treatment and arrangements applicable to certain fish and fishery products released for free circulation in the Community or imported into the Faeroes

Article 1

As regards the products listed in the Annex to this Protocol and originating in the Faeroes:

1. no new customs duties shall be introduced in trade between the Community and the Faeroes;
2. the preferential customs duties and other conditions to be applied on import into the Community shall be as indicated in the Annex.

Article 2

Any reference price fixed, or to be fixed, by the Community shall not apply to the products covered by this Protocol.

Article 3

2. In the selection of measures, priority must be given to those which least disturb the functioning of this Agreement.
3. Before taking appropriate measures, the Contracting Party in question shall supply the Joint Committee with all relevant information required for a thorough examination of the situation with a view to seeking a solution acceptable to the Contracting parties.
4. Except in cases of urgency, as described in paragraph 5, the Contracting Party concerned may not take measures until one month has elapsed after the date of notification, unless the Joint Committee procedure is concluded before expiry of the stated time limit.
5. Where circumstances require urgent action, the Contracting Party concerned may apply the measures strictly necessary to remedy the situation at the earliest three days after having informed the other Contracting Party.
6. Any safeguard measures shall be notified immediately to the Joint Committee and shall be the subject of periodical consultations within the Committee, particularly with a view to their abolition as soon as circumstances permit.

Article 4

The Faroes shall abolish tariffs and duties on imports of fish and fishery products originating in the Community.

ANNEX
